Product Catalog

Perfect Machinacl System Est. would like to introduce ourselves as one of the many traders that work with Mechanical and Electrical products in Saudi Arabia. We are specialized in the field of Oil, Water, Gas, Steam, Fire Fighting and many other sectors. Perfect headquarters is located in Riyadh, Saudi Arabia.

Strategy

Vision

Our goal is to become the biggest suppliers of Electro and Mechanical products in Saudi Arabia. With that in mind, we believe we can cultivate the resources needed to supply traders and contractors from across the country with upmost efficiency

Mision

Our aim is simple; to provide certified brands at a low cost. By providing these brands at competitive prices, we may improve the Kingdom's infrastructure by supplying the market with prominent brands along with their approved certifications in their distinct fields of construction.

Values

Customer satisfaction is our number one priority. Each product is systematically tested to ensure that they are produced with the highest standard.

That commitment has translated into Potter becoming a global brand. From blueprint, to manufacturing, to installation, Potter ensures superiority.

Pipes & Fittings Division

Brand: Hitachi

(GROUD) Class 150 Threaded Fittings

Hitachi Metals, Ltd.

When the Tobata Foundry Co., the forerunner of Hitachi Metals, Ltd., shipped its first product in 1910, it bore a (Gourd brand) symbol. This symbol bore the hopes and aspirations that products would be "tougher, smoother, and aesthetically pleasing." Since this time, the Gourd brand has been widely used in industrial and household fields, as well as overseas markets. Today, the (Gourd brand) is well respected throughout the world.

Products

Watts is a global leader in quality water solutions for residential, industrial, municipal, and commercial settings. Their family of brands offers one of the most diverse product lines in the world, delivering world-class water-related solutions.

Expansion Joints

Our Mr. Flex expansion joints are far superior to it's alternatives in the Saudi Arabian market. We have found that expansion joints in the Kingdom can only withstand approximately ten bars of pressure. Alternatively, our Mr. Flex brand offers 16 bars of pressure in most of it's sizes. Mr. Flex is renowned for it's reliability and specifically its durability amongst the elements.
